

SOME COUNTY AGENCIES AND CONTACTS

RESOURCE MANAGEMENT (includes the following Divisions):

1855 Placer Street, Redding, CA 96001 www.co.shasta.ca.us

Planning (530-225-5532) -- Start your permit process with the Planning Division to:

- Discuss your plans and goals for the property
- Verify your General Plan and Zoning and confirm that your project is consistent
- Determine what land use permit(s) will be required along with the associated procedures, estimate of fees and timelines

Building (530-225-5761)

- Determine what building codes will apply to new structures or remodels of existing structures
- Initiate building permits for construction and inspections

Environmental Health (530-225-5787)

- Verification of adequate septic tank and leach field sizing
- Verification of adequate water supply
- Review and approval of kitchen facilities and plans
- Food facility permits and inspections

Air Quality Management District (530-225-5674)

- Authorization to Construct and Operate (if needed)

OTHER

Shasta County Fire Warden or local Fire Protection District

- Implement requirements and approve plans for fire suppression systems (sprinklers, on-site water supply, etc.)
- Verify adequate emergency ingress and egress

Shasta County Department of Public Works

- Assess traffic impacts
- Issue encroachment permits
- May verify or require improvements to water and/or sewer system if in a County Service Area

Local Community Services District (CSD)

- Verify adequate water supply and/or sewer connection for projects within District boundaries

Shasta County Treasurer/Tax Collector

- Registration of overnight accommodations and collection of Transient Occupancy Tax (TOT)
